COMMON QUESTIONS AND CONCERNS

These conversations are fictitious and for illustrative purposes. Images are stock photos.

Shawn: *How does the TRICARE Supplement work with drug co-pays?*

SelmanCo: If TRICARE covers that prescription, we will reimburse the co-pays after your deductibles are met.

Sam: *Our son has been recently diagnosed as a Type 1 diabetic. We're looking for insurance assistance for glucose monitors and insulin pumps. He is age 15.*

SelmanCo: We can definitely help your family! We will pick up the portion that TRICARE does not pay.*

Janet: *My husband is going through a psychiatric treatment of about 39 treatments. A co-pay every time. How would we be reimbursed?*

SelmanCo: Co-payments are paid when a claim is submitted after a deductible(s) is met (if applicable). After the co-payments are paid, submit the claim to be reimbursed.

Jim: *I recently got a prescription and TRICARE didn't pay any of it. Will my Supplemental Plan cover it?*

SelmanCo: TRICARE covers most prescription drugs approved by the Food and Drug Administration. Unfortunately, if TRICARE does not cover your prescription, your Supplemental Plan will not either.

Mike: *I am a TRICARE Prime Retiree and have excess out-of-pocket expenses. How can this supplemental coverage help me? What are the costs of something like this?*
