If you have never registered, select **Not signed up?**

## Select Member ID

Enter the information below and hit **Continue**  
Your **Member ID** can be found on your ID card.

The image shows a mobile application interface for member identification. At the top, the status bar displays the time 4:02, LTE signal strength, and battery level. Below the status bar is a dark blue header with a white back arrow and the text "Member Identification". The main content area is white and contains the following elements: a heading "First, let's find you in our system.", a sub-heading "Tell us a bit about yourself so we can get you registered.", a label "Member ID" with an information icon, a text input field, a label "First Name", a text input field, a label "Last Name", a text input field, a label "Date of Birth (mm/dd/yyyy)", a text input field, a blue "Continue" button, and a white "Cancel" button with a blue border. A black horizontal line is visible at the bottom of the screen, likely representing the home indicator bar on an iPhone.
