

# PAY LESS FOR SELECT SPECIALTY MEDICATIONS

With enrollment in copay assistance and account monitoring

Anthem PPO Plan Members Only

Specialty medications can cost a lot of money. That's why your **Anthem PPO Plan** offers a copay assistance benefit administered by SaveOnSP, which can help you lower your out-of-pocket costs to \$0.

## Let SaveOnSP help you save money.

Over 350 specialty medications are eligible for this plan benefit.<sup>1</sup> If you're filling an eligible medication under the **Anthem PPO Plan**, a representative from SaveOnSP will contact you to support your enrollment in copay assistance and arrange for the monitoring of your account.

You'll pay as little as \$0 for your medication when you participate in the Anthem PPO Plan benefit by enrolling in copay assistance and consenting to monitoring. If you choose not to participate in the plan benefit, you'll pay a higher cost share when you fill your medication.

**Conditions covered by manufacturer copay assistance programs include, but are not limited to:**

- Hepatitis C
- Multiple Sclerosis
- Psoriasis
- Inflammatory Bowel Disease
- Rheumatoid Arthritis
- Cancer

## Here's an example of how it works.<sup>2</sup>

John's taking a specialty medication that's eligible for the copay assistance benefit. His copay is currently \$70. His new cost share will be \$1,150.

- **When John participates in the plan benefit, he may pay as low as \$0 out of pocket.** He will work with SaveOnSP to enroll with the applicable manufacturer copay assistance program and he'll consent to SaveOnSP monitoring his account.
- **If John decides not to participate in the plan benefit, he'll pay his full cost share of \$1,150 out of pocket.**

In both of these examples, John's cost share wouldn't count toward his deductible or out-of-pocket maximum.

1. The drug classes and medications included are subject to change. Check your plan materials to see which medications SaveOnSP supports.
